It's a weird one isn't it! I've just clicked now and it says page not found.

[REDACTED] how did you come across it?

Thanks

Hi [REDACTED]

Yes, I'll remove it now. Which page did you find it on? I can't see where it would be/why it would be on there.

Hi [REDACTED]

[REDACTED]

We've noticed that one of Ming Wai Lau's reports from 2020 is currently up on the LCI section of King's website: <https://www.kcl.ac.uk/lci/assets/ming-wai-lau-summary-report-final-2020.pdf>. I'm not sure when this would have been put up, but are you able to arrange for it to be taken down as we don't generally publish donor report for confidentiality reasons.
